

QUALITY DESIGN TO LOWER
THE COST OF CLEANING

FOR CONVENIENT CLEANING OF
THOSE HARD TO REACH PLACES,
THE BACKPACKS ARE THE ANSWER

Nilfisk

trusted since 1906

CLEANING WITH CONVENIENCE

There are many things that should be present in a good backpack vacuum cleaner. It should be light in weight, with even weight distribution, and the noise level must be as low as possible. Without these basics, a backpack vacuum cleaner is uncomfortable and impractical to operate. At the same time, the power needs to be sufficient for fast, effective cleaning, and the dust bag must be large enough to avoid constant changing. Above all, the cost of cleaning must be right!

The Nilfisk GD 5/GD 10 backpack vacuums surpass all criteria, with technical advancement that shows in every Nilfisk product, making fast productive cleaning at a price that won't bust your budget.

- Low sound level for operator comfort and cleaning in noise-sensitive areas
- Lightweight vacuum cleaner and a harness that is ergonomically designed to reduce fatigue
- Good filtration with HEPA filter option
- Durable construction for longer working life
- Containers in different sizes to fit the application
- 15 metre detachable cable with safety release saves time
- Easy to store as it stands on the floor or can be wall hung
- Suitable for left or right handed use
- Excellent power/weight/price ratio
- Exhaust air designed so that it does not interfere with the operator

” Wide selection of accessories available to meet specific applications. “

Easy to install optional HEPA filter for allergy & asthma sufferers

Accessories are stored on the belt for easy access.

RELIABILITY IS ALSO OUR MANTRA WHEN IT COMES TO SERVICE

A Nilfisk machine functions optimally when cared for by regular service and maintenance visits. Therefore we have created the optimal service solution: four levels of service reflecting different requirements and an optional supply of a substitute machine in critical situations.

24-HOUR SERVICE

Full Service+ Solution

A total coverage package offering four maintenance visits a year + service at a known fixed cost. Optimal for customers with a need for extensive daily cleaning. Labour, travel expenses, spares and parts are all included.

Full Service Solution

A package offering four maintenance visits a year + service. Ideal for customers who clean daily. Labour, travel expenses and spares are included.

Standard Service Solution

This package provides two preventative maintenance visits a year. Labour and travel expenses are included.

Subscription Solution

By entering the subscription contract, the customer agrees to a minimum of one maintenance visit per year.

Dust bag and filters are easily accessed without the need for tools

Exhaust air is directed away from the user to avoid heat and will not blow papers off the desk

Comfortable carrying harness for less fatigue

Super quiet motor won't create disturbance

Interchangeable motor part fits both 5 and 10 litre versions
