

SUPER PUR

Concentrated Industry and Workshop Cleaner

AREA OF APPLICATION

Workshop stations: Removes oil, grease, dust and break dirt from work banks, tools, elevation platforms, pits and workshop floors quickly and thoroughly.

Vehicle cleaning: Removes oil, grease, dust from bodywork, gears, parts, motors and engine compartments.

Vehicle wash centres: Gently removes oil, grease, dust from tiles, wash centre machines, walls and floors.

SUPER PUR is perfectly suited for use in all types of high pressure devices.

APPLICATION

Workshop stations: For basic cleaning, use a 1:20 SUPER PUR cleaning solution, diluted with water. For regular maintenance cleaning, use a 1:400 to 1:100 cleaning solution, diluted with water.

Vehicle cleaning: For bodywork cleaning, use a 1:400 to 1:100 SUPER PUR cleaning solution. Also suited as an addition in high pressure devices, use a 5-10 % cleaning solution, diluted with water. For engines and engine compartments, use a 1:20 SUPER PUR cleaning solution.

Vehicle wash centres: For intensive cleaning, use a 1:20 SUPER PUR cleaning solution. For maintenance cleaning, use a 1:400 to 1:40 SUPER PUR cleaning solution, diluted with water.

PRODUCT CHARACTERISTICS

- Fast, problem-free removal of grease, oil, wax and break dirt
- Material compatible with all waterproof and alkali-proof surfaces
- Disposal of waste water through an effective grease separator and gully system is possible
- Fast deemulsification does not negatively effect the grease separator (on condition that all technical application suggestions are abided by, no other cleaning products come into contact with the grease separator)
- No negative influence of the mechanical-biological waste water cleaning
- Contains effective water softeners and corrosion inhibitors
- Free of benzine-hydrocarbon and aromatic solvents
- Biodegradable

NOTE

SUPER PUR is highly effective with the DSC foam cannon

INGREDIENTS

Anionic and non-ionic surfactants, solution agents, inorganic salts, corrosion inhibitors, auxiliaries, additives

TECHNICAL INFORMATION

Box with 12 bottles of 1 litre
Box with 12 Refill packs of 1 litre
10 litre canister

Item No. 30784
Item No. 30785
Item No. 30787

Designation according to GefStoffV (German Ordinance on Hazardous Substances): Xi, irritant
